**CERTIFICATION INFORMATION**

The following applies to blood lead testing requirements and the duties of health care providers, parents/guardians, and the public schools:

1. The health care provider for a child who resides in an at-risk area, or has ever resided in an at-risk area as designated by the Maryland Targeting Plan for Childhood Lead Poisoning, shall administer a blood test for lead poisoning during the 12-month visit and again during the 24-month visit. At-risk areas by Zip Code are listed on the back of this form.
2. Beginning not later than September 2003, the parent or guardian of a child who currently resides, or has ever resided, in an at-risk area, shall provide to the designated administrator of the child's school or program, evidence that the child has had blood lead testing, on entry into a Maryland public pre-kindergarten program or Maryland public school system at the level of pre-kindergarten, kindergarten or first grade.
3. Evidence of blood testing for lead poisoning sent to or received by a program or school shall be documented on a form approved by the Department that includes the following: name of the child, address of the child, date of the blood test(s) for lead poisoning, and the signature of the child's health care provider or designee, or school health professional or designee that transcribed the information onto the approved form.
4. A list of children (including home contact information) whose parent/guardian does not comply with the requirement to provide evidence of blood lead testing, must be forwarded to the Local Health Department in the jurisdiction where the child resides.

## HOW TO USE THIS FORM

The documented tests should be the tests at 12 months and 24 months of age. Two test dates are required if the 1<sup>st</sup> test was done prior to 24 months of age. If the 1<sup>st</sup> test is done after 24 months of age, one test date is required. The child's **primary health care provider** may record the test dates directly on this form (check marks are not acceptable) and certify them by signing or stamping the signature section. A **school health professional or designee** may transcribe onto this form and certify test dates from any other record that has the authentication of a medical provider, health department, or school. All forms are kept on file with the child's school health record. A list of children (including home contact information) whose parent/guardian does not comply with the requirement to provide evidence of blood lead testing, must be forwarded to the Local Health Department in the jurisdiction where the child resides.
